

**HOUSING ASSOCIATION, FLINTSHIRE**  
**ARCHITECTURAL PROFILES LIMITED**

This stunningly eye-catching building by Lovelock Mitchell architects is the new office building for Wales and West Housing Association in Flintshire which has been voted 'Best Non-Profit Organisation' in Wales for three years consecutively.

The Slimwall™ Rainscreen system, produced by Architectural Profiles Limited, boasts three bespoke colours, Prismatic White, Midnight Copper and Metallic Grey, which give the building much of its wonderfully aesthetic quality.

The system face is an Alucobond Plus mineral filled panel – FR type.

Architectural Profiles will produce rainscreens in individualised colours and materials and can also produce completely bespoke cladding profiles ...saying... 'if an architect can imagine it then we can usually produce it'
