

WITCOMBE FARM, SOMERSET
BRETT MARTIN DAYLIGHT SYSTEMS

To improve internal living conditions for up to 800 cows at Witcombe Farm in Martock, Somerset, over 1,500 square metres of Farmlite GRP rooflights from Brett Martin Daylight Systems have been installed.

Providing long term, high quality natural light at the new-build dairy farm expansion, Farmlite GRP rooflights offered the perfect solution for meeting animal welfare and environmental regulations whilst at the same time, allowing the optimum amount of diffused natural light into the building.

Constructed to maximise longevity and clarity, Brett Martin's rooflights now make a positive long-term contribution to the farm offering substantial benefits to both livestock and farm workers alike.

Designer and Specifier: AJ Lowther & Son
Supplier: Briarwood Products
Product: Farmlite GRP rooflights
