

JANUARY 25TH 2019

A. PROCTOR GROUP HOSTS WEBINAR

The A. Proctor Group is hosting a 30-minute webinar: *Facade and High Rise Building Design, Airtight Membranes and Part B Revisions* which takes place on Thursday 14th February at 14.00 hours.

This presentation covers the Proctor Group's range of technically advanced product solutions for thermal, acoustic, ground gas, vapour control & airtightness in commercial building projects, as well as the technical support and services they are able to provide.

The webinar will be followed by a live Q & A session.

You can register for free at <https://www.proctorgroup.com/webinar>

All are welcome – but places are limited!
