

**APARTMENT, SOUTH ADELAIDE**  
**3A COMPOSITES GmbH**

The property is located at 136 Seaview Road Henley Beach South Adelaide.

Brought to life by the team at Grange Homes, this captivating architectural masterpiece was born of years of planning by some of southern Australia's most astute and compelling contemporary designers. Their experience in designing modern architecture is clear for all to see.

Part gallery, part Zen retreat this home is wrapped in inspirational architecture, luxury, state of the art technology and outstanding sea views.

The modern beach sanctuary is full of design inspiration over three levels and boasts an impressive material mix. Concrete tiles in all bathrooms, timeless American Walnut flooring, a stunning staircase and a lift connect the three levels.

The exterior finishes speak to current trends and have been created with longevity and enduring style in mind. The use of Austral Bricks, La Paloma Icy white & Coal black masonry and the pure chic combination with ALUCOBOND® naturAL Brushed Copper, makes this building stand out amongst the crowd with a vibe that is cool and contemporary.
